

passport — *to* empowerment

Celebrating 25 years on Friday, September 23rd 2022

As a company that believes in building a more sustainable and equitable world, we're inviting you to sponsor our 25th Anniversary event. Your generous contribution will help us celebrate our history, connect with our outstanding global community and build enthusiasm for another 25 years of changing the world, one village at a time.

**25 years of tackling
the world's most
pressing issues at
the village level.**

759 million
people do not have
access to electricity

2 billion
people lack safely
managed drinking water

all of us
face impending threats
from the climate crisis

Our Work

Green Empowerment works with Indigenous and rural communities and in-country partner organizations around the world to implement clean water and renewable energy projects. This foundational infrastructure brings immediate health benefits, saves families (especially women and children) countless hours of time previously spent on menial tasks such as hauling water, and provides a springboard for economic opportunity. At the same time many of these communities are located in the most biodiverse regions on the planet. They are both highly vulnerable to and crucial partners in combating climate change.

With locals in the lead we can get ahead of further climate change consequences. Join us as we prioritize village solutions to create lasting global change.

The Celebration

Friday, September 23rd 2022
Breathe Building, SE Portland

For our 25th Anniversary we are bringing back our iconic event, Passport to Empowerment. Featuring a keynote speaker, live band, drinks and cuisine from program countries and a behind the scenes look at our work, this event regularly draws 200+ attendees from Portland's international development, sustainability, and social justice communities.

Now more than ever we recognize our interconnectedness with communities across the globe and the pressing need to address climate change and global health.

Your sponsorship supports village solutions to these global problems, and shows your company's commitment to building a better world and healthier planet.

Sponsorship Levels

Platinum - \$5,000
